The Pearlington Impact Association dedicated a memorial headstone in honor of the people of Pearlington who experienced Hurricane Katrina.

Pearlington was ground zero and suffered a devastating blow on August 29, 2005.

The dedication took place on the 15th anniversary of Katrina at the Pearlington Public Library. The monument was placed by the flagpole in front of the Library.

Warren Tidwell from the organization Hometown Actions donated and unveiled the monument. Remarks were given by Brent Anderson, State Representative and Hancock Supervisor for

District 1 Theresa Ryan.

Mr. Anderson related some of the experiences he and others had during the hurricane and Ms. Ryan talked about how far we have come and how she can help Pearlington as a Supervisor.

Joseph Keys, President of the Pearlington Impact Association presented Mr. Tidwell with a PIA T-shirt. Maureen Fields gave the opening prayer and Josephine Acker sang "This Little Light of Mine" DuJuan Bosarge was the master of ceremonies.

The Pearlington Impact Association meets every first Monday of the month at 6pm in the Library. The meetings are open to the public. There was a good turnout for the dedication with prayers, singing, speakers and refreshments.

Waveland schedules MS Power franchise agreement election

ECHO STAFF

by Mississippi Power.

The city of Waveland has scheduled a special election for Oct. 5 to renew the city's franchise agreement with Mississippi Power Company.

The agreement allows for the city to receive three percent of revenue generated from residential, commercial, and industrial accounts.

Without this agreement, the city only receives two percent of the generated revenue.

The extra one percent equates to about \$30,000 to \$50,000.

The revenue received from Mississippi Power is put into the city's general fund.

A "yes" vote will not impact residential rates or the services provided

will create a loss to the general fund of about \$30,000 to \$50,000.

Due to the COVID-19 pandemic, only one voting precinct will be in operation; the Waveland Fire Department, located at 335 Coleman Ave.

Social distancing and sanitation guidelines will be in place. Voters will be required to wear masks in the facility and bring a photo ID. The polls will be open from 7 a.m. to 7 p.m. and curbside voting will also be available.

Beginning on Sept. 15, voters can vote by absentee ballot at City Hall, located at 301 Coleman Ave., Monday through Friday from 8 a.m. to 4:30 p.m.

Bay liquor store reopens less than 24 hours after truck smashes through front wall

BY GEOFF BELCHER
GENERAL MANAGER

No one was injured Wednesday afternoon when a Ford F250 pickup truck crashed into the front of Rosetti's Liquor Barrel on Hwy. 90 in Bay St. Louis.

The accident occurred at around 4:30 p.m. Wednesday.

Officers at the scene said the accident apparently occurred because the woman driving the truck had a broken leg and was wearing a cast with a walking boot. The boot apparently got stuck on the accelerator, causing the truck to run into the building, smashing the front window and part of the wall.

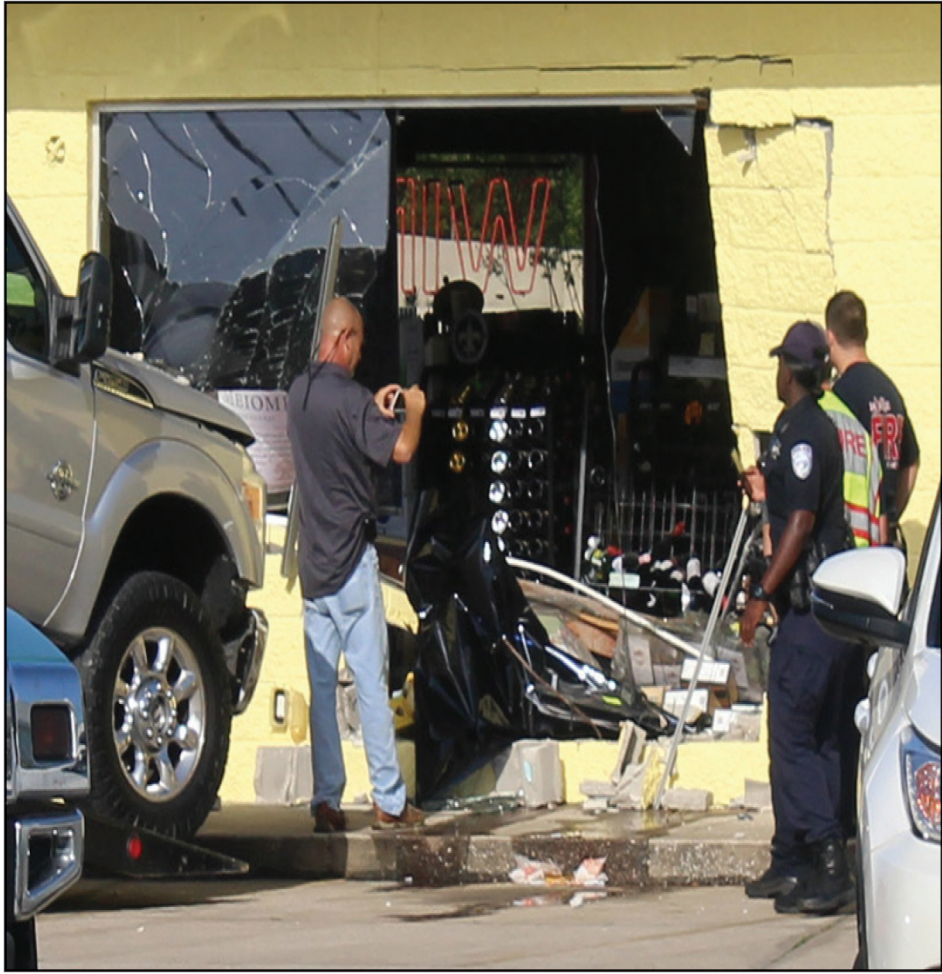

Since it was an accident, no charges were filed, and police have not yet released the name of the driver.

Officers of the Bay St.

Louis Police Department and Bay St. Louis Fire Department responded to the scene.

"We'll be open this afternoon," John Rosetti said Thursday. "We're really thankful to the city of Bay St. Louis, the Bay

St. Louis Fire Department, the Bay St. Louis Police Department, Jamie Favre and a lot of friends and volunteers who donated their help. We would have never been able to reopen so quickly without them."

Waveland hosts FY ‘21 budget hearing

BY CASSANDRA FAVRE
STAFF WRITER

The Waveland Board of Mayor and Aldermen on Thursday hosted a hearing for the FY ’21 budget. The proposed budget is \$6,799,533 and there is no proposed tax increase, Waveland City Clerk Mickey Lagasse said.

The proposed budget in-

cludes a three percent raise for employees, except for employees who were hired within the last six months, who get a 1.5 percent raise, Lagasse said. This year’s budget also includes equipment purchases such as command vehicles for the fire chief and assistant fire chief, he said, as well as two detective vehicles for the police department.

Waveland City Comptroller

Ron Duckworth added that the fire department is applying for a grant to purchase new turnout gear and air packs. Lagasse said there are up to two new tractors budgeted for grass cutting and funds for improvements, which includes handicapped access, to the parking lot at the civic center. Duckworth said that the city also plans for improvements to the benches at the Veterans

Memorial Park and the Lighthouse. There is also \$60,000 budgeted for a new park in the annexed area, Lagasse said. The city also plans to purchase vehicles for the building and beautification departments, Duckworth said. As far new positions, there is a budgeted slot for an administrative assistant in the fire department; a new posi-

tion in blight; a project coordinator position; and inventory management, Lagasse said. The city has also applied for a grant from the Gulf Coast Restoration Fund for the \$25 million boardwalk and marina, Lagasse said. The board is expected to adopt the FY ’21 budget on Thursday, Sept. 10 at 6 p.m.

As of Sept. 5, 663,993 Mississippi residents had been tested for the virus. “Anyone with symptoms of fever, severe cough or severe chest pains — especially those who are older or in poor health — should make arrangements for testing with their doctor or one of the many healthcare providers now performing testing,” according to MSDH. “Healthcare providers can assess your health history and symptoms, and perform testing for COVID-19 as needed. MSDH is also helping conduct free drive-up testing sites in many parts of the state. Tribal Chief Cyrus Ben, Sherri Carr Bevis, Frank Bordeaux, Mary Graham, Betsey Hamilton, Robyn Tannehill, T.J. Taylor, and J. Mack Varner served on the commission. Judge Reuben Anderson chaired the commission.

“No one worked harder to change Mississippi’s flag than Governor William Winter,” said Anderson, who is also president of the Board of Trustees of the Mississippi Department of Archives and History (MDAH). “I am thinking of him today as Mississippi takes this historic step toward selecting a state flag that will unify us and make us proud. I am grateful to our state leadership and my colleagues on the commission for their commitment to moving Mississippi forward.”

“MDAH was proud to support the Flag Commission in its historic work,” said MDAH director Katie Blount. “We were especially gratified to see the public engage so significantly in the process. The commissioners worked hard, listening to the experts and to the people, and they came up with a great design to present to voters on November 3.”

On July 1, 2020, Mississippi retired the state’s 1894 flag—the last state flag in the nation to incorporate the Confederate battle flag. The legislature directed that the new design must include the words “In God We Trust.”

A boy and his Maw Maw

Sometimes it’s difficult to think about what to write for a staff column every week. When I have writer’s block, I will often ask friends and family for some ideas.

This week, I asked my six-year-old nephew for his advice.

It took him a minute to think about it, but he suggested I write about his Maw Maw, my mom.

I shouldn’t be surprised, my mom is practically his favorite person.

When he visits, he follows her around constantly.

Their days consist of making sure Paw Paw wakes up on time; playing Legos; watching movies and eating popcorn; cooking; reading books; and of course tickles.

He loves being tickled for some reason and will even ask his Cass Cass to tickle him.

Lately, he has started to call me Cassandra at times, with a smile that rivals the Cheshire Cat’s. He knows that he is supposed to call me Cass Cass until he is at least 30 years old. (All my former preschool kids and even their parents call me that too).

From almost birth, my nephew gravitated towards my mom.

But she has always treated him with respect, yes, you read that right, respect.

I think children should be treated with respect, how else are they supposed to learn it?

Side note: If you read social media posts these days, I don’t think many people were brought up to respect others for their differences.

He also knows that she is genuinely interested in what he has to say; what he likes to do; and just spending time with him in general.

I believe children need to know and feel that. If there’s one thing I hope my little nephew knows is that he is loved very much. And that his family will always be there to support him, no matter what the future holds for him.

Not all children have that type of familial support and that makes me sad. I’m not sure why people choose to have children when they have no intention of providing them with a good life. And a good life doesn’t mean fancy toys and all that material nonsense.

I think a child needs love, nurturing, and a safe environment to grow in. If people are willing, ready, and responsible enough to provide that, then I think it’s a great time to have kids.

Prior to having children, I think people should have the conversation about how they will properly

Wicker Marks 75th Anniversary of Victory Over Japan

World War II Adversary Has Become a Valued Partner

Carl and Gayle Long tied the knot in 1939 in the pastor’s study at Tupelo’s First Baptist Church. Carl was a salesman who supplied grocery stores, and Gayle taught in a local school. Two years into their marriage, Pearl Harbor changed everything. Like so many young Americans of that generation, Carl answered the call of duty and left behind the love of his life to serve his country. What followed were years of service, sacrifice, and prayer.

The Longs made it through the war and had one child, Gayle, who became my wife. Their surviving letters record Carl’s service on the USS Monrovia, the bloody Battles of Tarawa and Okinawa, the terror of kamikazes taking aim at American ships, and the hard-

ships of a young couple living through mankind’s deadliest conflict. Theirs is the story

From the Senate
By Sen. Roger Wicker

of countless Americans who gave so much to defend our country in World War II.

AMERICA TURNED AN ENEMY INTO A FRIEND

September 2 marked the 75th anniversary of the American victory over Japan, when Japanese officials surren-

dered on the deck of the USS Missouri in Tokyo Bay. Present at that ceremony were military leaders, dignitaries from around the world, and General Douglas MacArthur, who would lead the occupation of Japan. But noteworthy were the Americans who could not be there – the 405,399 men who died in the war and the 670,846 who were wounded. With the signing of the terms of surrender, hostilities came to an end. The United States had become a superpower, and the world had changed significantly.

History books are filled with examples of victors taking revenge on the people they conquered, but the United States set a different example after World War II. One of General MacArthur’s first acts following Japan’s sur-

render was to prohibit Allied personnel from assaulting Japanese people or eating scarce Japanese food. Japan was allowed to keep its emperor as a symbolic leader. America helped rebuild Japan from the wreckage of war and installed a new constitution that transformed Japan into a modern democracy. Our presence and aid helped prevent communism from taking root in the country, and our two countries even forged a bond over baseball, America’s pastime.

ALLIANCE WITH JAPAN MAKES US SAFER

To this day, Japan hosts more than 54,000 U.S. military personnel and their families. These forces have helped maintain stability in the region and

Broadcast Mississippi’s Best Public Education!

As the father of four school age children in rural Mississippi, I would like to propose a common-sense enhancement to COVID era education. My proposal won’t cost hundreds of millions of dollars; it won’t take decades to implement; and it will provide an immediate workable solution for our teachers, students and parents. Put simply, my proposal is to Broadcast Mississippi’s Best Education. We can do it starting tomorrow at virtually no cost to taxpayers. How? Broadcast our best teachers over the public digital television infrastructure already accessible by every Mississippi home.

We enjoy living on our farm in rural Mis-

issippi, but like most rural Mississippians, we don’t have access to high speed broadband internet. We did the best we could during the spring COVID semester, but internet-based distance learning is not realistic for most folks like us in rural Mississippi. We

found that our children were more frustrated attempting to “zoom” and getting knocked off the internet. Homework was lost in transmission adding to the stress. Without the infrastructure, online learning just cannot work this far out in the country, even if every child were to have an iPad or other digital device. That’s why as your Commissioner of Agriculture and Commerce, I strongly support every available method of deploying high speed broadband in the rural areas of Mississippi. I fully support more and faster broadband out here in the country, and I appreciate the Legislature and the Mississippi Public Service Commission’s initiatives in this

regard.

But what we need is a comprehensive statewide educational digital broadcast plan as we transition to rural broadband statewide. Out here in rural Mississippi, we can’t wait for years or decades for our children to get high speed internet. Our children will be grown by then. Our kids need access to quality education at home, statewide, right now. We’ve seen entire school classes and grades sent home for quarantine and we know this is likely to continue. Parents, teachers and students are facing tremendous stress and uncertainty as stu-

dents are sent home for weeks at a time, during this COVID pandemic. Many parents have decided to homeschool for the first time. These are just some of the reasons I am proposing to Broadcast Mississippi's Best Education - starting right now.

As an immediate educational response to COVID-19, I support a partnership between Mississippi Public Broadcasting (MPB) and the Mississippi Department of Education (MDE) to devote a 24/7 educational digital television and radio channel that would include daily instruction by a rotation of Mississippi's very best K-12 teachers by grade, and every basic

educational subject. I've already personally confirmed this is possible with the leadership of both MPB and MDE.

Students and parents could tune in with a set daily routine of instruction. This program would reach every household in Mississippi - no matter how rural or urban.

For those distance learning through the local schools, assignments and homework would be turned in and graded by a child's local teachers, so students would continue getting direct input from the teachers and local school districts who know the student's personal needs. Those on quarantine or choosing to homeschool their children would have a daily routine of consistent instruction, as well as providing new opportunities to reinforce studies for the children attending in

And maybe, you might be like me, after careful thought and consideration, decide you don't want to have children. And that's okay too, no matter what society shouts at you.

But, I think as long as the children know you love them and will support them no matter what, then I think you have a pretty good recipe for an enriching childhood and

adulthood.

I'm so glad my nephew has this time with my mom. She has taught him a lot and nowadays, mister smarty pants is teaching her and the rest of us a lot, as well.

person.

The pedagogy and curriculum can be crafted by the experts. But my vision is that every weekday, each grade has several short lessons with corresponding assignments, followed by the next grade level, and the next.

This certainly wouldn't replace in-room instruction but could supplement those at home wanting to advance and not fall behind. For those that do have access to high speed internet, all the lessons could be archived and enhanced with downloadable materials. It isn't a perfect plan; but we should never let the perfect be the enemy of the good.

This simple idea - Broadcast Mississippi's Best Education - could reach every home and every child in Mississippi with a digital TV

ies to sushi, and Japanese consumers spend billions of dollars each year purchasing American oil, medical equipment, and computers. In fact, Japan was Mississippi's fifth-largest export market in 2018, and 15,000 Mississippi residents are employed by Japanese-owned companies like Toyota, Nissan, and Yokohama.

Our relationship with Japan is not perfect, and I have been troubled in recent years by Japan's unfair justice system. Japan's wrongful arrest of Greg Kelly, a

Nissan executive from Tennessee, threatens to undermine business relationships between our two nations.

Japanese Prime Minister Shinzo Abe recently announced he will be retiring, and I hope his successor will restore a strong respect for the rule of law and continue to prioritize our alliance. The world is more secure and prosperous because of the U.S.-Japan relationship, and I hope our ties can strengthen in the years ahead.

SANDRA SCHMIDT KOLODZIEJ
ANA ROSA RECARTÉ
RITA L. WILLIAMS

SANDRA SCHMIDT KOLODZIEJ

Sandra Schmidt Kolodziej lost a courageous three-year battle with cancer on September 5, 2020 at her home in Diamondhead, Mississippi.

Sandy was born to Arnold and Emelene Schmidt on May 24, 1944 in Somerville, New Jersey. She graduated from North Hunterdon Regional High School, Annandale, New Jersey in 1962 and the Thomas Jefferson Medical College School of Nursing, Philadelphia, Pennsylvania in 1965. She then began her nursing career at St. Barnabas Hospital in Livingston, New Jersey.

During her final year of nursing school, she met. Lt. John S. Kolodziej, USN. They were married on July 9, 1966 and she began her new career as a Navy “submarine wife.” Changes of duty station took her to Monterey, California where son Christopher was born in 1967; Virginia Beach, Virginia where daughter Kelly was born in 1969; Washington D.C.; and St. Thomas, Virgin Islands where daughter Kaaren was born in

1972. After that it was back to Virginia, out to California, and finally to Diamondhead, Mississippi in 1978.

Sandy continued her nursing career whenever possible, eventually working 10 years at Hancock Hospital in Bay St. Louis, Mississippi and her final 31 years in the emergency department at Memorial Hospital, Gulfport, Mississippi. She was known as a dedicated and passionate nurse with high performance standards — do the job right, do the whole job, and maintain a clean (virtually sterile) work environment.

Sandy’s greatest love was her family. She was a devoted wife, mother, and grandmother. If you were her friend, you knew you were loved and that she would always be there to help you any way she could.

For most medical problems, the first line of action was to call Sandy.

Her other great passion was traveling. She had walked on all seven continents, visited over 100 countries, circled the Earth and crossed every latitude from the Arctic to the Antarctic.

Sandy was predeceased by her parents and her daughter Kaaren Burke.

She is survived by her husband John; her son Christopher Kolodziej of Alexandria, Virginia; her daughter Kelly Cunningham (Michael) and grandchildren Jack, Catherine and Erin of South Riding, Virginia; her son-in-law Michael Burke and grandsons Mason and Wyatt of Sage, California.

A funeral mass will be celebrated at Our Lady of the Gulf Catholic Church, Bay St. Louis, Mississippi at 11 a.m. on Friday, September 11, 2020. Family members will be available one hour prior to the funeral. The funeral will be streamed on the church’s website at www.olgchurch.net. On the website, select either Facebook or YouTube and follow the directions there.

BY GEOFF BELCHER
GENERAL MANAGER

While many people are breathlessly counting down the days to the presidential election in November, there will be some local races on the ballot, as well, including seats on the Hancock County and Bay-Waveland school boards.

The general election is scheduled for Tuesday, Nov. 3. Polls will be open from 7 a.m. to 7 p.m.

The only candidate on the ballot for the one seat on the Hancock County

School Board is the incumbent board member, Danita Ladner Holladay. She has served on the board since January 2015

There are two candidates for a seat on the Bay-Waveland School District Board of Trustees election — Jesse Shiyou and Dr. Barbara Coatney.

According to the Mississippi Secretary of State’s Office, a qualified school board candidate must be a resident and registered voter from the district the seat is for; have a high school diploma or its equivalent;

and “Each school board member shall be required to complete a basic course of training and education for local school board members conducted by the Mississippi School Boards Association within six (6) months of his selection. In addition, each school board member shall be required to file annually in the office of the school board a certificate of completion of a course of continuing education conducted by the Mississippi School Boards Association.”

HAVE YOU EVER LOST YOUR IDENTITY?

By GARY ANDREWS

We are living in a society where many people will steal the identity of their friend, neighbor, customer, or someone they do not know. Almost every day you will see someone trying to be someone else because they think it will benefit them in some way. Many times the reason is for money, prestige, power, or just to be mean and deceptive. This is nothing new; however it can really be destructive to the ones losing their identity. How about Jesus losing His identity because of the religious leaders convincing the court that He was not who He said He was. These so called religious leaders had not accepted Jesus because He was the one that was exposing their hypocrisy and undermining their privileged position in the minds of the populace. The religious leaders were angry, and from their perspective they were justified in taking action to eliminate Him. When Pontius Pilate, the Roman governor of Judea, tried to free Him with a crowd choice of a convicted criminal or man convicted of

no wrong, the religious leaders were able to persuade the citizens that they should call for the release of Barabbas and crucify Jesus. Today we continue having identity thieves steal most of everything we have worked so hard for. These people do not care about us or anyone around them. They are like the religious leaders in Jesus time and want to remain secluded from the evil they are doing to people around them. Very few times will an identity thief ever be caught because of the electronic diversions they are able to use. Many times when a thief has stolen a wallet and/or driver's license they will be exposed and face the criminal system, however with the current justice system that we have in place today, many are set free just as Barabbas was. Many people today lose all of their savings, their home, their credit worthiness, and their retirement because of skilled electronic users that play on our ignorance. In everything that we do, we

should be very aware of who we are dealing with and what information we are allowed to be taken from us. In the days of Jesus when His identity was stolen, He knew that He would face a very cruel death because of our sins and would be raised three days later to offer us a chance for eternal salvation and peace. In today's world we can lose everything that we have because of evil desires of some; however they can never take our identity that we have with Christ. Eternal salvation and living with Jesus is the only hope that we can have, and all we have to do is ask Him to come into our hearts, live in us, and guide us in the direction He wants us to go. Prayer: Father God, thank you for offering us eternal salvation and giving us something that we will never lose, even though we will, one day, leave everything we have obtained on earth behind. Amen.

Meet Holland. One could never tell by the joy that this happy pup exudes that he has been terribly neglected. Talk about an indomitable spirit and resilient nature! Holland, a 3 year old Doberman Pinscher, came to us severely emaciated, covered in fleas, and with front teeth ground down to the gums.

The kind ladies who alerted us to Holland's plight have been checking on him, and we are happy to report that this sweet, sweet boy is on the road to recovery. He has gained considerable weight and is flea free! His coat is beginning to grow in along his back and tail area, too. He wags that little docked tail of his in anticipation of attention and affection, yummy treats, and going for walks. Holland not only loves people, but he is friendly with dogs of all sizes as well. One of his best buds at the shelter is our director's Chihuahua! This happy boy walks best on a leash and harness, and would love a home with a fenced backyard to explore, in addition to daily walks. Holland deserves to be part of a loving family, and we think he would thrive as the companion of a single person, couple or active retirees. He has not yet met any children at the shelter, so families interested in Holland should bring their kiddos to the shelter to meet him. We are not sure of basic training, such as house or crate training, but we will update his profile soon. If you would like to schedule a meet-n-greet with Holland, please call our front desk at 228-466-4516. Please visit our Facebook page, Hancock County Animal Shelter, MS, to see more pictures of Holland, and of the many other wonderful, adoptable animals looking for their forever homes.

Rocks sting Yellow Jackets 21-16 in come from behind victory

BY JOSEPH W. GEX, II
STAFF WRITER

The Saint Stanislaus Rock-a-chaws employed a stingy defense and second half moxie to dispatch the St. Martin Yellow Jackets 21-16 ‘between the walls’ on Friday night.

The win marked the first time SSC has beat St. Martin since 2014 when SSC win 34-31.

The stingy defense of the Rocks was punishing and swatted away almost all attempts by the Yellow Jackets.

Early in the game, St. Martin found success and jumped out to a 10-0.

Makia Hebert put the Yellow Jackets (0-1) ahead when he slashed his way 37 yards to the endzone for a touchdown with 3:03 left in the first quarter. Gabriel Showalter converted on the PAT to make the score 7-0.

The Rocks fumbled away on the ensuing possession and the Yellow Jackets capitalized on the mistake with a 36-yard field goal by Showalter as time expired in the first quarter to push the lead to 10-0.

After swapping possessions two straight times, the Rocks finally found their groove when Grant Sides recovered a fumbled snap at the Yellow Jacket 23 yard line.

Gage Peterson, in his first start at quarterback, hit Nour Tayara for a 17-yard gain followed by a six-yard rush to the one yard line.

Peterson called his own number a second consecutive time and scored on a one-yard carry with 1:03 left in the first half. Gene Hoffman converted the PAT to make the score 10-7 heading into intermission.

The Rocks got the ball to start the second half and they immediately went back to work. Chandler Chapman ripped off an 11-yard gain followed by two aerials from Peterson for seven and 20 yards, respectively.

Two plays later, Peterson hooked up with Connor Ladner for a 41-yard touchdown strike with 9:12 left in the third quarter.

SSC senior linebacker Blake Bilich (#88) makes one of his 14 tackles against St. Martin Friday night ‘between the walls’. The Rocks won the game 21-16.

Hoffman converted on the PAT to give the Ricks a 14-10 lead that they would not surrender.

The Yellow Jackets had an extended nine-play drive that resulted in St. Martin pinning the Rocks down at their own 14 yard line.

However, the Rocks would not be swayed and converted a six-play drive into more points.

After a four-yard gain by Kyle Stegall, Peterson hit Tayara for a 65-yard strike down to the Yellow Jackets’ 13 yard line. Peterson then called his number for gains for four, three, and two yards before he connected with Ladner on a four-yard touchdown aerial with 1:13 left in the third quarter.

Hoffman converted on the PAT to make the score 21-10.

The Rocks stuffed the Yellow Jackets on a 13-play drive to force a punt. The Rocks were flagged for holding on the punt and took over on their own two yard line.

Chapman carried for eight yards and Peterson found Stegall for 10 more. But, the Rocks fumbled the ball on the next play which was returned 17 yards for a touchdown by Javon James with 6:22 left in the game.

Noreel White was smothered by Bilich, Ryan Tyler, Grant Sides and others on the two-point conversion attempt leaving the final score 21-16.

SSC head coach Nate Encrpera commented, “Games come down to minimizing mistakes early in the season. We were able to rebound from some adversi-

ty tonight getting down early but we had other mistakes that we let stick around a while. Whenever we play St. Martin, it always comes down to a big play. We talked about that all week. We impress upon our players that ‘Event + Response = Outcome’. How you respond to the event leads to the outcome. This game was a game of momentum. Each team had it at certain times. Now, we are 0-0 again. We have to get ready for a West Marion team that we do not know anything about and have never played in our history. We get back to work on Sunday to prepare for the next step in the process.”

Peterson led the Rocks on offense with 14 carries for 37 yards and a touchdown and threw for 182 yards and two touchdowns on 11-for-18 passing. Tayara had three catches for 84 yards while Ladner finished with three catches for 57 yards and two scores.

On defense, the Rocks were paced by Blake Bilich with 14 tackles including six solos, six tackles fkr loss (-27 yards) and a forced fumble. Trustin Northington added 11 tackles and Tyler had 10.

St. Martin was paced by Hebert with 15 carries for 66 yards and a touchdown.

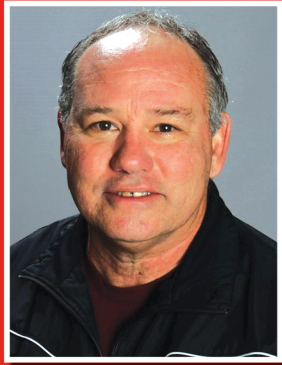

This week the Rocks will host West Marion High School at Pearl River Community College. This will be the first meeting between the two teams. Game time is slated for 7 p.m. See you at the game!

Gators swallow Hawks 35-14

BY DWAYNE BREMER
CONTRIBUTING WRITER

The Hancock Hawks’ 2020 football season got off to a disappointing start Friday when they dropped a 35-14 decision to the Gautier Gators.

Gators quarterback Kaden Irving had a career evening, completing 25 of 35 passes for 431 yards and four touchdowns. He also added a rushing score.

The Hawks opened the game with great field position thanks to a 45-yard kickoff return by Chris Benard. They were unable to pick up a first down, however, and were forced to punt.

Irving wasted little time getting the Gators on the board when he tossed a 60-yard touchdown pass to Zaviaon Payne on Gautier’s first play from scrimmage.

The point-after was no good.

Hancock answered with its best drive of the evening, going 65 yards on 14 plays. Kaleb Crowe had a 25-yard run on the drive and quarterback Sema’J Robertson connected with Tyler Ahlers on a 22-yard completion to get the Hawks into the red zone. Pierre Fowler capped the drive with a five-yard touchdown run. Finn Cowand bootied the point-after, and the Hawks took the lead 7-6 with four minutes to play in the first quarter.

Gautier responded with a 77-yard drive that was capped when Irving scored on a two-yard run. The Gators went for the two-point conversion, but Hancock’s Cameron Ganier stopped the Gators’ runner short of the goalline, keeping the score at 12-7.

After a missed field-

goal by the Hawks, Gautier scored again late in the half, when Irving connected with Tyreese Cumbest on an eight-yard touchdown pass. The two-point conversion made the score 20-7 headed into halftime.

Gautier extended its lead to 28-7 in the third quarter when Irving found Payne again, this time for a 34-yard score, making the score 28-7.

Irving and Payne connected once again near the end of the third quarter on a 20-yard touchdown. The point-after made the score 35-7.

Hancock rounded out the scoring in the fourth when Cameron Breland connected with Max Garrett on a 76-yard catch and run for a touchdown. Cowand added the point-after to make the score 35-14, which would be the final.

The Hawks will host Stone County on Friday.

The first Friday night of the 2020 season went off almost without a hitch. The only hiccup was the Bay High Tigers did not get a chance to play against the Forrest County AHS Aggies due to the entire Aggies team being in quarantine due to Covid-19. The Hancock Hawks fell to Gautier 35-14 while Pass Christian stumbled against Purvis 33-21. The only team to

record a victory was the St. Stanislaus Rock-a-chaws who beat St. Martin 21-16.

CAITLIN BOURGEOIS

Jane Evans has used her career as a focus on the benefits that creativity gifts to those who use it. A self-described life-long artist, Jane turned her hobby into creating an income. She first painted ceramic plates but then decided to begin crafting ceramic crosses in 2012. A Baton Rouge native, she began selling her creations to shops local to her which then spread throughout the gulf coast. Each ceramic cross has a poem attached to it that came to Jane one night while resting - it asks that the recipient of the gift hold the word and find comfort in it while undergoing the trials of life.

Jane is now in 15 to 20 small shops across the Gulf Coast. She decided to begin searching the Bay Saint Louis area with Walter, her husband of five years. She found the shops of Century Hall and fell in love with the feel and location.

Her shop is truly a labor of love. Her husband creates a mold for her out of shells from crabs to turtles and then she creates beautiful ceramic work from them. Jane's father was an architect and she credits his eye for design as the base for where her creativity stems from. Now, Jane's daughter is also an architect and helps bring her mother's visions to life with line work used on many of the ceramic ornaments.

"Pretty much everything that is in here has gone through my hands," said Jane. "I cut all of this out of clay and then I fire it and then finish it."

Many of the pieces have several sheets of gold leaf and types of gold leaf paint while others are glazed. Jane has a long list of pieces

she'd like to bring to life for her shop. Nothing in her store is commercially bought, outside of the pieces she acquires at the round top market in Texas.

Bradley Bones will be playing from 4-7 p.m. at the Shops of Century Hall for Jane Evans Design's hot spot for September. Individually wrapped cookies and refreshments will be offered to those stopping by to shop. A table of beautiful butterfly ornaments created by Jane will be on the porch of the Shops of Century Hall. Each ornament will be available for purchase and the proceeds will be donated to local garden, Ruth's Roots.

"I just discovered Ruth's Roots while walking around old town with my husband," said Jane. "This will be my way of giving back through my time and work but offering a way for others to give."

Make Jane Evans Designs a stop during your shopping on September 12 to enjoy some lively music, shop beautiful artwork and take the chance to give back to a community institution.

SERIOUS BREAD BAKERY

STORY & PHOTOS BY
CAITLIN BOURGEOIS

The pull of Serious Bread Bakery is rather, well, serious. A very much hole in the wall style bakery - blink and you've passed it - Serious Bread has a following like not many others.

Al, a once well-traveled oceanographer, had a deep love for a good loaf of bread. Through

his travels, most enjoyable his time in Europe, Al was able to indulge in what he felt was the right way to bake bread. He was known for visiting family in California and returning with suitcases full of sourdough bread. So, when his retirement date began to creep closer, Al decided he needed to bring his love for bread home.

Al took a bread class in Vermont with King Arthur Flour to see how deep his love for good bread actually went. It ran very deeply, as Serious Bread Bakery has shown. He then spent a week with John Campbell folk school to learn more about sourdoughs and the background of old time bread artistry.

Since 2003, Al and Vivian have given new life to baking in Bay St. Louis and the Gulf Coast. After Al's passing, Vivian fully took on the daily operations of the bakery and speaks with much honor to her late husband and the deep love he had for his bread. Vivian is an incredible conversationalist and knows the ins and outs of every loaf of bread that is on the shelf at Serious Bread Bakery. She speaks fondly of the passion that she and her husband held for bringing healthy, delicious

bread and baked goods to Bay Saint Louis and is looking to expand the

Believe the HYPE: HYPE hosts Leadership Day 2020

SEA COAST ECHO

Hancock Youth for Positive Efforts (HYPE) is an adult-guided, youth-led initiative that empowers middle and high school students to lead engaged, healthy, and positive lifestyles. A partnership with the Hancock Resource Center and the Hancock Community Coalition, HYPE continues to be a resource and platform for students and community members dedicated to promoting safe and healthy environments for our youth.

Four pillars provide a foundation for HYPE members to learn and grow upon as leaders: communication, commitment, passion, and courage. All of these attributes are key to developing well-rounded individuals who possess strong character and serve as positive ambassadors for the Hancock County community.

Each year the Hancock Community Coalition plans and hosts HYPE Leadership Day, created to help rising 6th, 7th, and 8th graders own the leader within themselves. This year the event was held at St. Clare Catholic Church on

July 8th, 2020. Students were guided through activities based on the four HYPE pillars, working on solo as well as group projects to explore their impressions of Hancock County and discover the many common threads they share with their peers. An obstacle course imparted the value of teamwork and following through on a goal despite challenges posed and differences in personality. A courage activity led to discussions on the many ways bravery is shown at school or with friends and the significance of one person's willingness to speak up for themselves, as well as support others in doing what's right for them.

The first annual HYPE Recruitment Day was held on July 21st, 2020, also at St. Clare Catholic Church, expanding on topics and exercises from Leadership Day at a deeper level for rising 9th and 10th graders. A popsicle stick activity encouraged each student to share what commitment, courage, passion, and communication look like in practice and how they'd like to grow in each. Building a tower with only a few stipulations

as guidelines demonstrated how innovation and partnership are vital to creating structures that hold up over time. A Hero project consisted of decorating body shapes and adding balloons that indicated what they look up to, look forward to, and work towards – celebrating what those motivations and aspirations resembled for each individual student.

Recruitment Day participants were also treated to a seminar by Dr. Raymunda Barnes, Assistant Vice President of the Hancock Campus of Pearl River Community College. Dr. Barnes spoke about ways to get involved, the many paths toward success available right here in Hancock County, and how to stand out from the crowd. Examples were given of paths that included traditional education, certifications for trades, and extracurricular involvement, with one common theme: how to serve the community as positive, committed, and active leaders.

Conversations that took place during Leadership Day and Recruitment Day centered on what it means to live and work in Hancock

County, and how powerful an impact these students have on affecting positive change. Joining HYPE as an active member opens the door for opportunities to travel to conferences across the country, fulfill service hours for graduation requirements, become a face in the community, and build a niche for themselves and their

peers to support one another in making good decisions.

Any student who is committed to enjoying an active role in their community, a sober middle and high school experience, and setting a positive example for their peers is a perfect candidate for HYPE! The COVID-19 pandemic called for several pre-

cautions during recent gatherings, from temperature checks to masks and limited class sizes, and similar measures will be observed as the 2020-2021 school year kicks off. However, virtual meetings and events are in the works for current HYPE students, with new members encouraged and more than welcome to join us!

Tiger letter winner, will now happen Friday night against St. Patrick at Joe D. McCullouch Stadium/Tank Williams Field.

The Irish (1-0) beat Clarkdale 33-14 last Friday night and enter the stadium with a little confidence.

The Tigers will need to counter that confidence and get the ball into the hands of their skill players like Noah Cutter and Hosea Singleton on offense and use a stalwart like Seth Russo to control the line of scrimmage.

The two teams have played four times before with the Tigers owning the series record 3-1. The last time they played, Bay High won 28-6 in 2016.

HANCOCK HAWKS

The Hawks (0-1) came up on the short end of the stick against the Gautier Gators Friday night 35-14.

The Hawks jumped out to a 7-0 lead early in

the first quarter on Pierre Fowler's five-yard scoring run only to see the Gators (1-0) score 28 unanswered points to go up 28-7.

Hancock responded late in the game with a 76-yard touchdown pass from Cameron Breland to Max Garrett to make the score 28-14.

This week the Hawks play host to Stone. The two teams have played 15 times with Stone owning the series 11-4. They last played in 2019 with Stone winning 29-17.

Hancock will be hosting a team that did not play last week. That should give the Hawks an upper hand in being ready for Friday night.

SAINT STANISLAUS

The Rocks (1-0) were the only area team to secure a victory on the gridiron last Friday evening with a 21-16 decision over St. Martin.

The Rocks spotted St. Martin a 10-0 lead before Gage Peterson scored from one-yard out to cut the lead to 10-7 at intermission.

In the second half, Peterson tossed two touch-

down passes to Connor Ladner covering 41 and four yards to take the lead.

Peterson led the Rocks with 14 carries for 37 yards and a touchdown and threw for 182 yards and two touchdowns of 11-for-18 passing. Nour Tayara had three catches for 89 yards and Ladner finished with three catches for 57 yards and two scores. On defense, Blake Bilich led the Rocks with 14 tackles including six tackles for loss, six solos, and a forced fumble while Trustin Northington added 11 tackles and Ryan Tyler had 10.

SSC travels to Pearl River Community College on Friday night to host West Marion. This will be the first meeting between the two schools.

The Rocks look to continue their winning ways against the Trojans who made a run to the third round of the Class 3A state playoffs in 2019.

All games are set for a 7 p.m. kickoff. See you at the game!
